

To Whom It May Concern:

Reference for Dr. Monideep Dey

I have a good friendship with Dr. Monideep Dey for more than 3 years. We are both engaged in the international standardization of fire safety engineering. Through the attendance of the ISO meetings and the engagement of ISO standardization, I have been deeply impressed by his good experience in fire modeling and lots of outstanding work in the field. As the convenor of ISO TC 92/SC4/WG7, Dr. Monideep Dey is strongly responsible for the position, kindly to the team members and energetic in the job. We have discussed the problems in the fire safety engineering, and we even hope for the cooperation between our two parts in order to improve the fire safety in the worldwide.

In conclusion, I appreciate Dr. Monideep Dey greatly.

Sincerely,

Lu Guojian

Vice Director of Sichuan Fire Research Institute, china
